## SERVE COLD DRINKS WITH **KARAT® CUPS AND LIDS!**

Karat® Polystyrene (PS) Cups and PolyPro (PP) are perfect for various cold beverages. The Karat PS cup is a naturally transparent thermoplastic material which will stay solid under 100 °C/ 212 °F. These cups are typically used as cold water cups in many places, like restaurants, offices, etc. The Karat PP cups are durable, recyclable, and BPA-free; matching flat/dome lids and sealing film are also available. Select items are made in the USA. Custom printing on PP cups is available with a minimum quantity order.
